[Sashiko coaster]

<How to handle thread>

- Remove the label and unfold the skein.

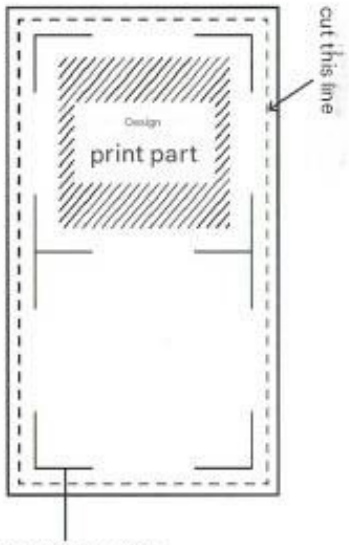

-Tie the two ends together with a different thread or something similar, then cut one of the loops.

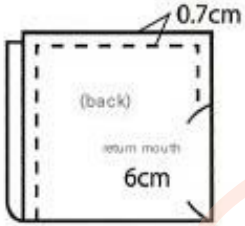

- Remove one wire from the other ring and use it.

<How to make>

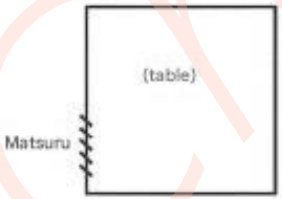

①---Cut the fabric along the line

②With the front sides facing each other, sew 0.7cm inside to the finished line, leaving an opening for turning.

③ Turn it over from the opening to the right side and sew the opening shut.

<How to stitch thread>

Start stabbing

Insert the needle three stitches past the beginning of the stitch, then use a small stitch to go back three stitches, then place the needle over that and continue stitching.

End of stabbing

Bring the needle to the back and go back three stitches with a small stitch, being careful not to show it on the front. Cut the end of the thread, leaving about 0.2 cm.

How to connect the thread

At the end of the stitch, overlap three stitches so that it doesn't show on the front side.

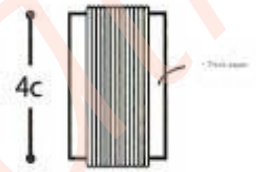

Follow the design and embroider each pattern one by one.

If you want to stitch through the adjacent pattern without cutting the thread, insert the needle between the outer and lining fabrics and pass the thread through. Stitch while squeezing the thread to prevent the stitches from coming together.

<How to make a tassel>

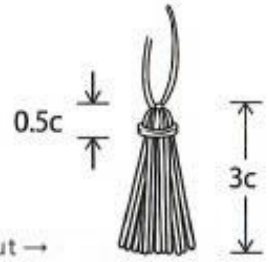

1. Wrap the thread around a 4cm wide piece of cardboard 20 times.

② Pass a 30cm length of thread through the top and tie it tightly.

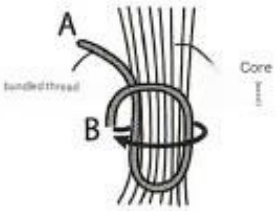

③ Tie a knot 0.5cm from the top and trim the bottom loop to 3cm.

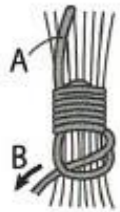

④ Sew the tassel to the corner of the coaster.

<How to tie a knot>

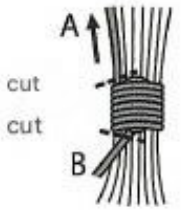

1. Fold the thread around the core, overlap it, and wrap it around several times.

② Pass end B of the thread through the loop.

③ Pull the other end, A, so that the bottom loop goes into the wound thread and is fixed in place. Cut A and B at the base.

<How to finish>

After you finish embroidering, wash the item by hand with water to remove the printed pattern. To avoid crushing the stitches, place a towel on the ironing board and iron from the back.
