No.836 BED ROOM

Every day living with cats

<Embroidery Kit>

Embroidery design printed

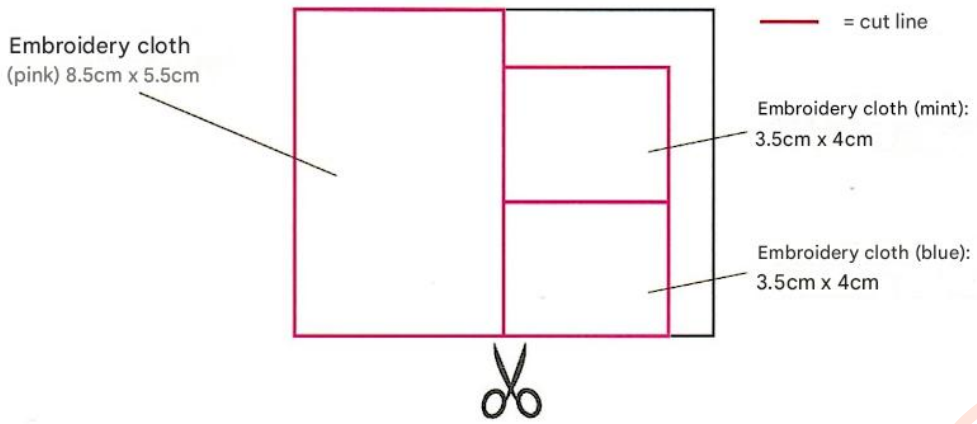

A series of embroidered illustrated diaries depicting the daily life of a girl who lives with a cat.

What you need to prepare	●scissors ●Pencil ●Ruler ●Iron ●Sewing thread (generated) ●cotton swab ●Double-sided tape or cellophane tape ●Embroidery frame *It makes stitching easier if you have one.
Finished size	Frame dimensions: Approx. 11.6cm x 11.6cm

<Please note *This kit contains needles, please handle with care and keep out of reach of children.

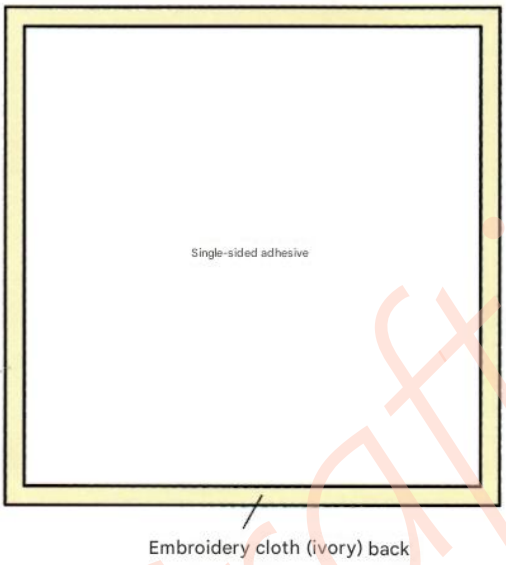

1. Prepare the fabric

1 Cut the double-sided adhesive interfacing as shown in the diagram below.

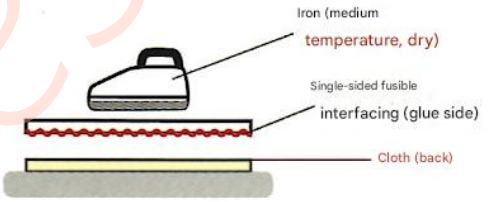

2 Attach single-sided fusible interfacing to the back of the embroidery fabric (ivory), aligning it in the center.

*See [How to apply single-sided fusible interfacing]

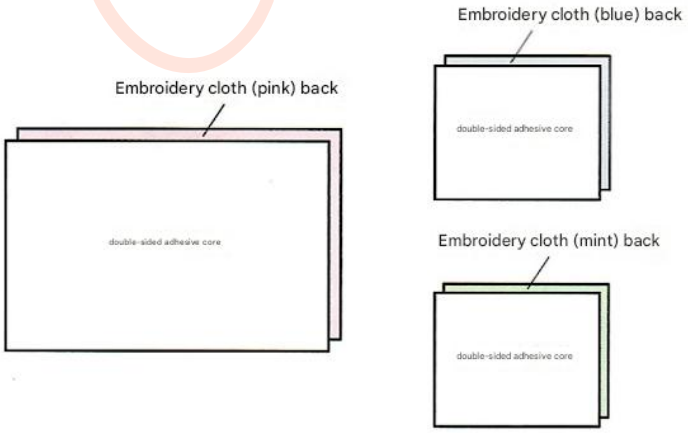

How to attach single-sided fusible interfacing

Place the glued side (shiny side) of the single-sided fusible interfacing on the back of the fabric and press down with an iron (medium temperature, dry).
Do not move it until it has cooled completely.

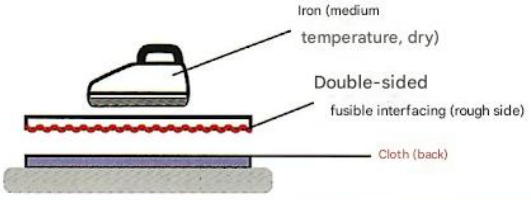

3 Attach double-sided fusible interfacing to the back of the embroidery fabric (pink), embroidery fabric (blue), and embroidery fabric (mint).

*See [How to apply double-sided fusible interfacing①]

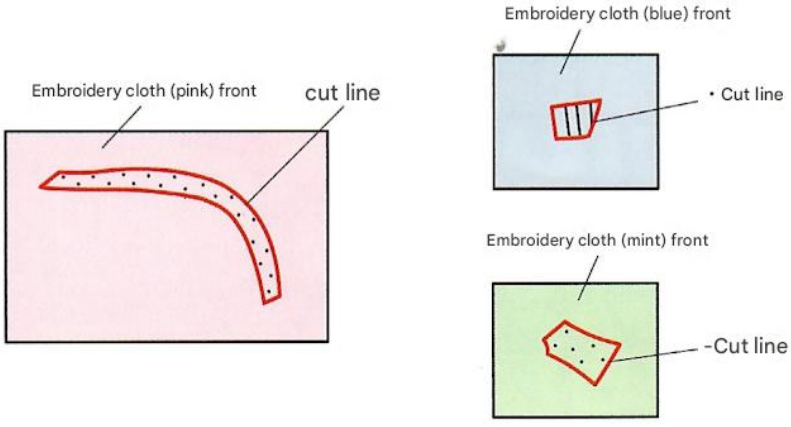

How to apply double-sided fusible interfacing -①

Place the rough side of the double-sided fusible interfacing on the back of the fabric and press down with an iron (medium heat, dry).

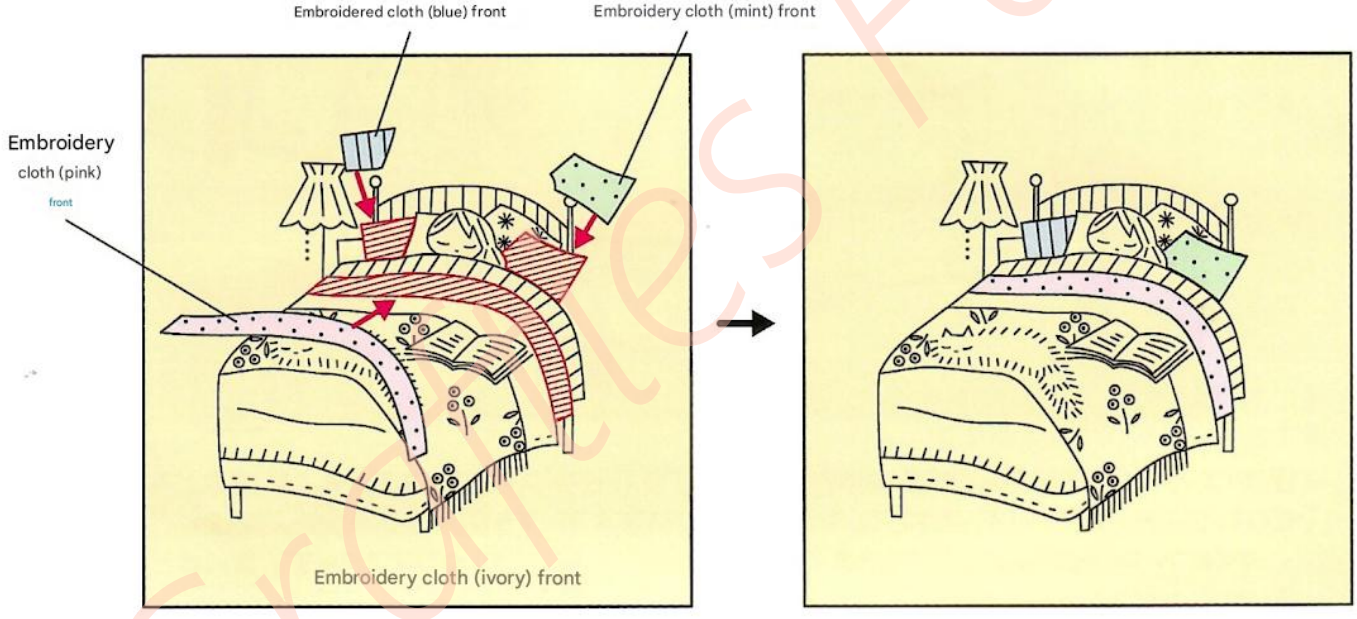

Crafties Fair

4 Cut along the cutting lines printed on the front of the embroidery fabric (pink), embroidery fabric (blue), and embroidery fabric (mint).

15. Attach the embroidery cloth (pink), embroidery cloth (blue), and embroidery cloth (mint) to the embroidery cloth (ivory).

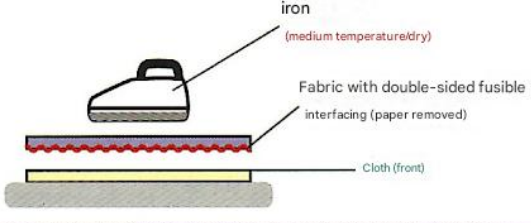

*See [How to apply double-sided fusible interfacing -②]

How to apply double-sided fusible interfacing - 2

Peel off the release paper from the double-sided adhesive interfacing, place the peeled side face down in the area where you want to attach it, and press down with an iron (medium temperature, dry).

Do not move it until it has cooled completely.

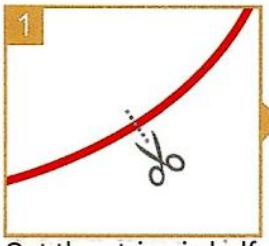

The designs printed on the fabric are made using ink that disappears when pressed with a cotton swab soaked in water.
Please note that ironing at high temperatures may cause the markings to become permanent.

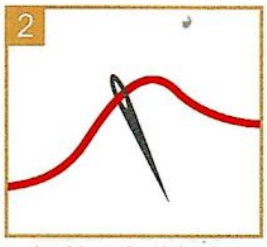

Step 2: Back →

2 Prepare the thread

Cut the string in half (about 50cm long).

Thread the needle with the color you want to use.

What is Hondori?

The No. 25 embroidery thread included in this kit is the most popular embroidery thread, consisting of six thin strands loosely twisted together.

The number of strands of this thin thread pulled out and threaded through the needle is called the "number of strands."

<In the case of two-stranded fish>

3 Embroidery

・Continue stitching according to the "How to embroider" instructions below. Make a knot at the beginning of the stitching and a knot at the end.

*See "Basic Stitches" on the right

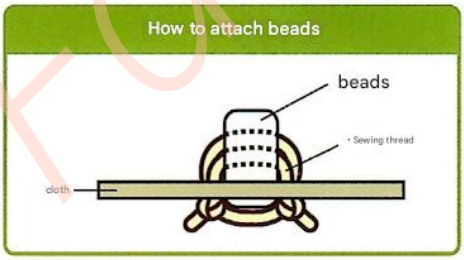

*If there is a design that extends beyond the embroidery, lightly press it with a cotton swab dampened with water to erase it.

-Beads are sewn on after all embroidery is completed.

If you are concerned about wrinkles in your piece, iron the back of the piece on low heat before attaching the beads.

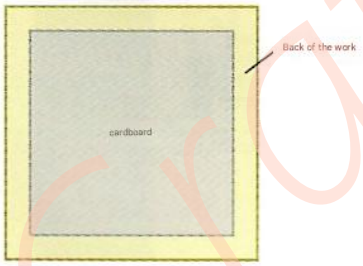

When doing so, be careful not to crush the embroidery stitches.

*If the beads do not fit through the embroidery needle, use a thinner needle such as a beading needle.

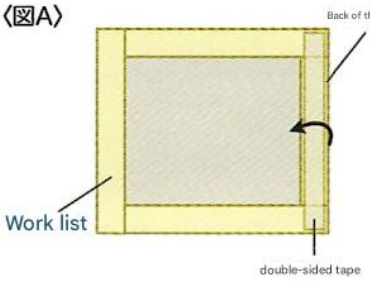

4 Place in the frame

1. Lay the piece face down, taking care not to bend the grain, and place the cardboard on top.

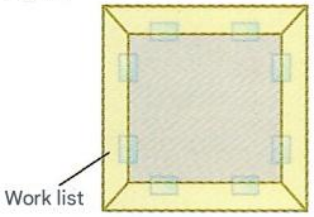

2 Fold the edge of the fabric so that it wraps around the cardboard, and secure it with double-sided tape (Figure A) or cellophane tape (B) to prevent the fabric from sagging.

〈図A〉

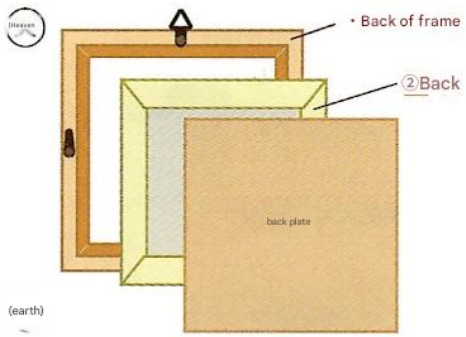

Fasten with double-sided tape

<Figure B>

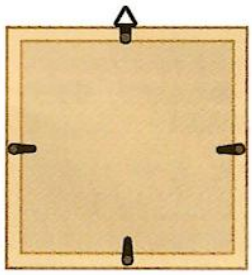

Secure with cellophane tape

3 Place the back plate on top of 2, check the top and bottom of the frame, and then fit it in.

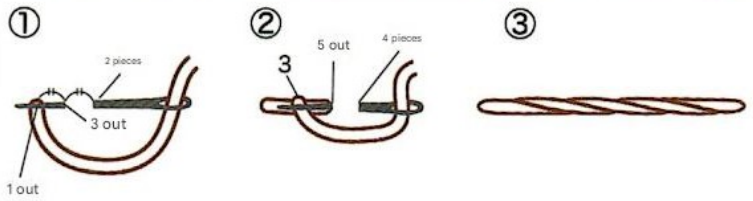

4 Fasten the frame fasteners and you're done.

What you need to prepare

- scissors ●Pencil ●Ruler ●Iron ●Sewing thread (generated) ●Cotton swab
- Double-sided tape or cellophane tape ●Embroidery frame *It makes stitching easier if you have one.

please note

This kit contains needles. Handle with care and keep out of reach of children. The amount of embroidery thread included in this kit is sufficient to stitch according to the pattern. Please read these instructions carefully first. If you use the wrong color or number of threads, or if you start by using too much thread, you may run out of thread. In this case, check the color number and purchase from a Cosmo embroidery thread retailer.

Material: Embroidery thread, embroidery cloth: 100% cotton
